## PUZZLE PAGE #2 - CROSSWORD

Read this short story about Dr. Wonder's Workshop. Then solve the puzzle by writing the missing words from the phrases below in the correct boxes on the crossword puzzle.

One day after working at the Finger Food Café, Pops decided to go visit his friend, Dr. Leward Wonder, at Dr. Wonder's Workshop. When Pops entered the Workshop, he saw that everyone there was busy. Pops could see Paula Beaker working in her lab with some chemicals. Paula was trying to invent a new flavor of bubble gum. Lisa Beancounter was filing some papers in her office, but she paused and waved at Pops when she saw him.

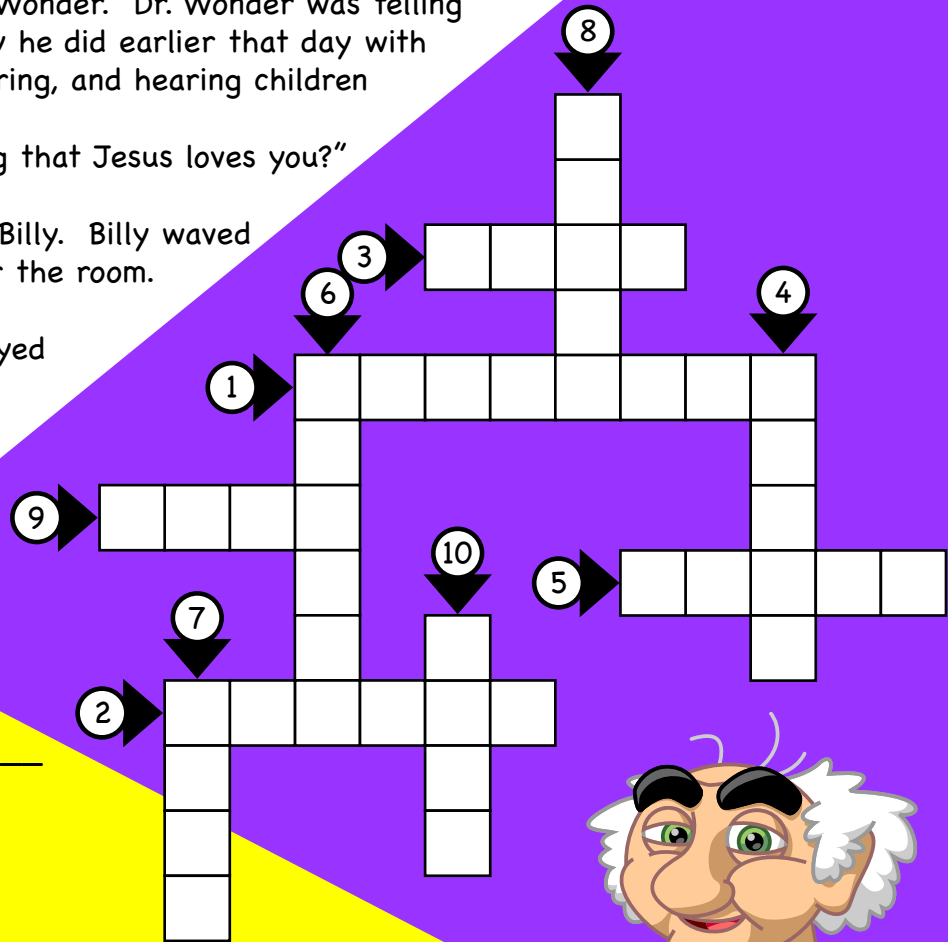

Billy Cameron was sitting at a table in Pops' favorite spot, a place called "Tinkerer's Corner." Billy was talking in American Sign Language with Dr. Wonder. Dr. Wonder was telling Billy about a Bible study he did earlier that day with some Deaf, hard-of-hearing, and hearing children from the neighborhood.

"Isn't it great knowing that Jesus loves you?" signed Dr. Wonder.

"Yes, it is!" answered Billy. Billy waved when he saw Pops enter the room.

"Hi, Pops!" he signed.

Pops smiled. He enjoyed visiting his friends at Dr. Wonder's Workshop.

1. Dr. Wonder's \_\_\_\_\_
2. Tinkerer's \_\_\_\_\_
